'JOCK'S WAGGIN' TONGUE

Vol. 5 Thur. Jan. 2nd No. 1
Jock McIntyre, Editor

Now that the Holidays are over and we have all enjoyed ourselves and seen Santa Claus, had our headaches and tummy aches, lets get serious and not forget how fortunate we are to be able to turn on the lights and get enough on our plates to cause a tummy ache.

May be you have been thinking about a new tractor, and maybe you havent. In either case it will pay you to check over the additional values offered in the new line of Mc-Drg W tractors just now announced: These tractors are definitely more efficient, more convenient more comfortable, more adaptable, more stylish and above all more economical than any of the Mc-Drg line that were their predecessors. See this new tract or on display.

T R Jopling was a Christmas visitor in town and he was looking hale and hearty.

Our New Years resolution is to serve you better, give you good merchandise at a fair price consistent with quality and to do it with a smile.

Speaking of New Years resolutions, we hope that you have resolved to let McIntyre and Co. become

WHY WORRY?

Either you are successful or you're not successful. If you are successful there is nothing to worry about. If you are not successful there are only two things to worry about. Your health is either good or you are sick. If your health is good you have nothing to worry about. If you are sick there are only two things to worry about. You are either going to get well or you're going to die. If you are going to get well there is nothing to worry about. If you are going to die there are only two things to worry about. You're either going to heaven or you're not going to heaven. If you are going to heaven there is nothing to worry about. If you are going to the other place, you'll be so busy shaking hands with old friends you won't have time to worry.

So Why Worry ???

Two more of Champion boys have gone to answer the call to colors. Hugh Miller and Walter Anderson, Hugh reported today to the Air Force at Brandon, Manitoba, where he will take up training for a Wireless Gunner. Walter also reports today to Regina where he is to take up training of the Royal Canadian Mounted Police.

Both of these boys are well known in this district and have been outstanding in sports and in general young people's work.

Hugh Miller is the first boy of Champion to be accepted in the Air Force and Walter Anderson is one of the ten boys from southern Alberta to be called for training as a R.C.M.P.

The district joins us in tendering to them every best wish for success in their new ventures.

Re-making of the Constitution

The meeting of the Premiers and their representatives of the various provinces in Ottawa in January promises to be an momentous gathering. It will be an attempt to adjust the Federal and Provincial jurisdiction to meet the present day needs.

Having just completed a trip we have the advantage of knowing some of the reactions of both sections of Canada towards the Report.

Canada is a most difficult country to govern, is a pet phrase of ours and we are more convinced than ever of the truth of this assertion. The western farmers and business men have certain well defined ideas of what they should receive by way of federal assistance, the eastern manufacturers having received considerations by way of tariffs for years.

Despite apparent differing views there is every reason to believe that personal and political aspects will be forgotten in an attempt to iron out the troubles which beset Canada. Not only will present problems be discussed but methods will be worked out for future development of our country. There is a growing feeling that Canada is to be the centre of the British Commonwealth of Nations— not necessarily the home of the King and Queen— and that it is necessary now to prepare for the future.

We have every reason to believe that our present leaders, Federal and provincial, will prove equal to the task of carrying on the work of "the Fathers of Confederation."

SOIL EROSION

The Agricultural Department of The North-West Line Elevators Association has just published a well-illustrated bulletin dealing with the subject of water erosion of soils. Its purpose is to draw attention to a problem which has, to a large extent, been overlooked by the general public. It has been easy to arouse public interest in the problem of soil drifting, and control practices have met with a large measure of success. Water erosion may be quite as damaging as soil drifting on individual farms, but, since the injury to the soil is often less obvious, it is apt to be neglected.

The bulletin is well illustrated and written in popular style. It deals in a general way with the causes of erosion, with the losses suffered, and with control measures. It contains seven excellent illustrations of fields in the Prairie Provinces which are suffering serious damage. In addition, there are four pictures generously supplied by the United States Soil Conservation Service.

Since this is the only publication of its kind in Canada, it should be read by every prairie farmer. All Junior Club members and high school students should secure copies, since "they shall inherit the earth," or as much of it as is not washed or blown away!

Copies may be obtained from the nearest grain buyer of any line elevator company associated with the work of this Department, or by writing to the Agricultural Department, The North-West Line Elevators Association, Winnipeg.

We wish all our readers a Happy and Prosperous New Year, and trust that it may bring "peace in our time."

Red Cross Appreciated By the Navy

Crews of boats from the United Kingdom and other parts of the Empire docking at Canadian ports are showing their appreciation of Canadian Red Cross assistance by taking up collections among the men and presenting the money to the Society. The latest donation is one of \$500.00, from the men of one of Britain's large ships.

The captain of the ship, which docked recently at an eastern Canadian port, requested the Canadian Red Cross representative to come aboard, and there the men presented him with the money as a small contribution to the work of the Canadian Red Cross.

This certainly is the best evidence of the way the men of the British Navy feel toward the Canadian Red Cross. Dr. Fred W. Routley, National Commissioner, commented yesterday.
